# **CALL FOR PAPERS - ICSPIS2025**

The 8th International Conference on Signal Processing and Information Security (ICSPIS) will be held on 18-20 November 2025 in Dubai, UAE. The conference aims to bring together researchers, practitioners, and industry experts from around the world to share their latest research and advances in signal processing and information security.

ICSPIS 2025 provides a platform for researchers, engineers, and academics to present and discuss their latest research findings and innovations related to signal processing and information security. The conference encourages submissions that showcase original and high-quality research contributions in areas including, but not limited to:

- □ Communication Signal Processing
- □ Remote Sensing Signal Processing
- ☑ Robotic Process Automation & Analytics
- ☐ Information Hiding & Watermarking
- ☐ Big Data & Cloud Computing Security
- ☐ Data Confidentiality, Privacy and Security

- ☑ Digital Forensic

Authors are invited to submit full-length papers of 4-6 pages in two-column format including diagrams and references. Authors can submit their papers as PDF files through EDAS https://edas.info/N33737. All submissions will be peer-reviewed, and accepted papers will be published in the conference proceedings and submitted for inclusion in IEEE Xplore. The proceedings of all the previous ICSPIS conferences were published by IEEE Xplore and indexed by Scopus. More information for authors is available on the website.
