About ICSPIS 2026

The International Conference on Signal Processing and Information Security (ICSPIS) is a premier academic event technically sponsored by the IEEE UAE Section, bringing together researchers, engineers, academics, and industry professionals from around the world. Now in its 9th edition, ICSPIS 2026 will be held at a hotel in Dubai, bringing the conference to the heart of one of the world's most dynamic cities.

The conference serves as an outstanding platform for showcasing cutting-edge research across signal processing, cybersecurity, AI, communications, and information systems. Sponsoring ICSPIS 2026 places your organization at the center of this dynamic global dialogue.

Why Sponsor ICSPIS 2026?

- ◆ **Brand Visibility:** Reach a highly targeted audience of engineers, academics, and decision-makers from over 20 countries across 3 conference days.
- ◆ **Talent Pipeline:** Connect directly with top graduate researchers and emerging engineers — your next generation of talent.
- ◆ **Thought Leadership:** Position your organization as an innovator by speaking at plenary sessions, workshops, or the Gala Dinner.
- ◆ **Regional & Global Reach:** Dubai's strategic location makes ICSPIS a gateway to talent and partnerships across the MENA region and beyond.
- ◆ **IEEE Exposure:** Gain visibility among IEEE UAE Section members and activities. Sponsors benefit from networking opportunities with IEEE professionals across the UAE.

Sponsorship Packages

Choose the tier that best reflects your organization's goals. All packages include logo recognition and registration benefits. Higher tiers unlock exclusive speaking, exhibition, and branding privileges.
